RiD003746 –
HP90M14-12AF_CORRECT ASSEMBLY
MTBRX-ITBRX-CRU2RX-DS1RX

Instructions:

- Important to Keep the adjuster always full tight, always up!

- Attach the Correct cone fitting without the nut. (Never use it without the nut , this is for education purposes only.)

-

- The correct setup of the nut should always keep 1-2mm distance between the two nuts.
